

## Strong Man Fire Retardant Drainage Tarps

Simply put, this tarp is designed to be suspended over equipment or any important items that you want to keep dry. It has hardware in the middle of the tarp that attaches to any standard garden hose that allows water to be diverted safely away from the item you are protecting. Simple to install and easy to understand. Various sizes to meet a variety of needs.

- ▶ Sewn Hems
- ▶ Ultra Strong 14x14 Weave
- ▶ Fire Retardant: Meets NFPA 701 Method II
- ▶ 1" D-Rings With Reinforced Webbing Sewn Into Each Corner
- ▶ Installed Fitting & Cap For Easy Attachment To Any 3/4" Garden Hose
